The 2nd George W.
Bush presidency,
the Gulf War, and
"Brangelina"

Ms. Tiboldo is in her fifth year of employment at Hackensack Middle School as a teacher of seventh grade Life Science. Though her students may view her frequent assignment of homework to be torture, Ms. Tiboldo considers the work to be "character-building" and an enhancement of the science knowledge of her students. In addition to providing her students with something to do at night, Ms. Tiboldo enjoys reading, spending time with friends and working on her website.
